

**GENERAL INFORMATION:** *Converge Horticulture* is a powder formulation for incorporation into soilless media, potting soils and substrates to correct mineral deficiencies such as calcium and magnesium. *Converge Horticulture* will help with management of chemical imbalances, structural instability and ion toxicity issues associated with low pH, salt-affected and high pH sodic soils. *Converge Horticulture* will provide increased levels of monosilicic acid that help improve plant tolerance to abiotic stresses such as cold, heat and drought, as well as improve plant structural strength.

**DIRECTIONS FOR USE:** Proper application rates and frequency should be determined by specific media or soil conditions and plant requirements. Apply *Converge Horticulture* to soilless media, potting soils and substrates at the rate of 5 to 8 lbs. per cubic yard. *Converge Horticulture* can be used as top dress application for containers.

**FOR FLORIDA:** We recommend that you follow the Green Industries BMP's at:  
<http://www.aes.org/pdf/Green%20Industries%20BMP's.pdf> We recommend that you review the Florida Nursery and Greenhouse Production Practices at:  
[http://solutionsforyourlife.ufl.edu/agriculture/nursery\\_and\\_greenhouse/production\\_practices.shtml](http://solutionsforyourlife.ufl.edu/agriculture/nursery_and_greenhouse/production_practices.shtml)

**CAUTION:** *Converge Horticulture* is to be utilized with adequate ventilation. The product may cause eye or respiratory tract irritation. Avoid contact with eyes. Avoid any internal ingestion of this product. Please keep away from children and pets.

**CONDITIONS OF SALE:** Seller warrants this product consists of the ingredients specified and is reasonably fit for the purposes stated on this label when used in accordance with directions under normal conditions and use. No one other than an officer of the seller is authorized to make any warranty, guarantee, or direction concerning this product. Because time, place, rate of application and other conditions of use are beyond the seller's control, the seller's liability from handling, storage, and use of this product is limited to replacement of the product or a refund of the purchase price.

**GUARANTEED ANALYSIS:**

Calcium (Ca).....28.0%  
Magnesium (Mg).....6.0%

**F-002268**

Derived from: Calcium Silicate and Magnesium Silicate

**BENEFICIAL SUBSTANCE:**

Monosilicic acid (H<sub>4</sub>SiO<sub>4</sub>).....4.5%
