

NuHumic WDG

using **verge** dispersible granular technology

NuHumic WDG is a granule that is highly soluble when water is applied. Low application of irrigation or rainfall is all that is necessary to start the mode of action in the soil profile. NuHumic WDG is a no dust formulation, easy to apply granule proprietary product. NuHumic WDG will increase nutrient uptake, increase Cation Exchange Capacity and increase water holding ability in soils. NuHumic WDG contains propriety Verge dispersible granule technology.

PRECAUTIONARY STATEMENTS

NOTICE: Before using this product read the entire Precautionary Statements, Disclaimer of Warranties, and Directions for Use, Use Restrictions and Storage and Disposal instructions. If the Disclaimer of Warranties is not acceptable, return the product unopened within thirty days of purchase to the place of purchase.

CAUTION: Keep out of reach of children. IN CASE OF EMERGENCY OR SPILL, contact Hazmat Response - 1 (800) 299-525

FIRST AID MEASURES IN CASE OF CONTACT

Eye Contact: DO NOT RUB EYES. Immediately flush eyes with large amounts of water for 15 minutes lifting the lower and upper lids. Seek medical attention if necessary.

Skin Contact: Remove contaminated clothing and immediately wash affected area with large amounts of water for at least 5 minutes. If irritation or redness persists, seek medical attention as needed.

If Swallowed: Give large amounts of water to drink. Seek medical attention if necessary. Induce vomiting only upon advice from a physician.

Inhalation: Move individual to fresh air and check to assure adequate respiration. Seek medical attention if necessary.

STORAGE AND DISPOSAL

Prohibitions: Do not contaminate water, food or feed by storage, disposal or cleaning equipment.

Storage: Store in original container only and keep sealed. Store in closed storage area. Use caution when moving, closing or pouring.

Product Disposal: Improper disposal of excess spray mixtures or rinsate is a violation of federal law. Wastes resulting from use of this product should be disposed of through on-site spray application or at an approved waste disposal facility.

Container Disposal: Triple rinse (or equivalent), then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or other procedures approved by state and local authorities.
